Name: _____

Coordinate Graphing - First Quadrant

The grid is a 45x45 coordinate plane. The x-axis is labeled 'X' and has major tick marks every 5 units (0, 5, 10, 15, 20, 25, 30, 35, 40, 45). The y-axis is labeled 'Y' and has major tick marks every 5 units (0, 5, 10, 15, 20, 25, 30, 35, 40, 45). The grid lines are spaced at intervals of 1 unit. A large red watermark reading 'SALE' is diagonally across the grid.

Name: _____ ©Daring Minds

Coordinate Graphing - Four Quadrants

A coordinate plane with x and y axes ranging from -20 to 20. The grid is 40 units wide and 40 units high. A large red diagonal watermark reading 'SAMPLE' is overlaid across the center of the grid.

Coordinate Graphing - First Quadrant

A cartoon illustration of a brown chicken wearing a light blue bow tie, sitting at a table. On the table is a plate with a slice of watermelon, a banana, and a green pepper. A glass of red liquid is also on the table. A large red 'X' is drawn over the entire scene.

Coordinate Graphing - Four Quadrants

A cartoon illustration of a brown chicken sitting at a wooden table. The chicken is wearing a red necktie and a light blue scarf tied in a bow. On the table in front of the chicken is a white plate with green vegetables and a yellow piece of food. To the right of the plate is a glass filled with a red liquid. A large, bold, red 'SAMPLE' watermark is diagonally across the bottom half of the image. The background is a grid with a vertical y-axis and a horizontal x-axis intersecting at the top of the chicken's head.

Coordinate Graphing - Four Quadrants

The image shows a coordinate plane with x and y axes ranging from -10 to 10. A dinosaur is drawn in the first quadrant, and a T-Rex is drawn in the fourth quadrant. Large red diagonal text 'SALE' is overlaid across the center of the grid.

Coordinate Plane – Four Quadrants: Turkey's Feast

Directions: Use the coordinates (ordered pairs) on the list to graph a picture. Plot each point, and then connect it to the next point. Color it.
