Coordinate Graphing - First Quadrant

The grid is a 32x32 coordinate plane. The x-axis is labeled with numbers 1 through 32. The y-axis is labeled with numbers 1 through 32. A large red watermark with the word 'SAMPLE' is oriented diagonally from the bottom-left to the top-right, covering most of the grid area.

Coordinate Graphing - Four Quadrants

A coordinate plane with x and y axes ranging from -20 to 20. The grid lines are spaced at intervals of 1 unit. The x-axis is labeled 'x' at the right end, and the y-axis is labeled 'y' at the top end. A large, bold, red diagonal watermark reading 'SAMPLE' is overlaid across the grid.

Coordinate Graphing - First Quadrant

A coordinate grid with X and Y axes ranging from 0 to 33. A Christmas wreath is plotted on the grid. The wreath is made of green and red segments, with a yellow star at the top, a yellow bell in the center, and a red bow at the bottom. A large red 'SAMPLE' watermark is overlaid diagonally across the grid.

Coordinate Graphing - Four Quadrants

©Quang Nguyen

A coordinate graphing worksheet for the four quadrants. The grid has x and y axes ranging from -20 to 20. A large, stylized outline of a Christmas tree is centered on the grid. The tree has a star at the top, a bow at the bottom, and various geometric shapes like triangles and rectangles forming its branches and decorations. A large red watermark 'SAMPLE' is diagonally across the image.

Directions: Use the coordinates (ordered pairs) on the list to graph a picture. Plot each point, and then connect it to the next point. Color it.
