A blank coordinate grid with x and y axes ranging from 0 to 35. Large red text "SALE" is overlaid diagonally across the grid.

©Qiang Ma

A blank coordinate plane with x and y axes ranging from -20 to 20. The grid lines are spaced at intervals of 1 unit. A large red diagonal watermark reading "SAMPLE" is overlaid across the grid.

Name: ©Qiang Ma

The image shows two line drawings on a grid background. The top drawing is a dog's head, and the bottom drawing is a cat's head. Both drawings are overlaid with a large, bold, red 'SALE' stamp. The grid has a vertical axis on the left with numbers from 1 to 34, and a horizontal axis at the bottom with numbers from 1 to 34. The dog's head is positioned roughly between grid lines 10 and 25 vertically, and 5 and 25 horizontally. The cat's head is positioned roughly between grid lines 5 and 20 vertically, and 5 and 25 horizontally. The 'SALE' stamp is oriented diagonally across both drawings.

Directions: Use the coordinates (ordered pairs) on the list to graph a picture. Plot each point, and then connect it to the next point. Color it.
