Coordinate Graphing - First Quadrant

The grid shows the first quadrant of a coordinate plane. The horizontal x-axis is labeled with numbers from 0 to 30 in increments of 1. The vertical y-axis is labeled with numbers from 0 to 45 in increments of 1. A large, bold, red 'SALE' watermark is oriented diagonally from the bottom-left towards the top-right, covering a significant portion of the grid.

Coordinate Graphing - First Quadrant

A coordinate grid with x and y axes ranging from 0 to 34. A line graph is plotted, showing a curve that starts at (0, 0), rises to a peak at (10, 30), and then descends to (20, 0). The graph is overlaid with large, bold, red text that reads 'SALE'.

Directions: Use the coordinates (ordered pairs) on the list to graph a picture. Plot each point, and then connect it to the next point. Color it.

A blue and yellow football helmet with a silver facemask is shown on a grid background. A large, bold, red 'SAVED' stamp is overlaid across the bottom half of the image, indicating the document has been saved.
